REPORT OF THE MINE ACTION CO-ORDINATION CENTRE, SOUTH LEBANON for the Month of November 2006

GENERAL

- 1. As At November 29, 2006, **824** individual cluster bomb strike locations have been confirmed and recorded. The search for cluster strikes areas is still going on. The **824** individual Cluster strikes have been combined into 359 Areas, having a total of 33, 702, 990 sqm. The area of each buffer contamination is now included in the Task Dossiers.
- 2. An accident in 'Deir Mimas' reveals that the Israelis laid Anti-Personnel Landmines (No 4) during the war 2006. As these are now clearly newly laid Israeli AP mines the UN MACC made a request to the Israeli's, through UNIFIL, for immediate provision of any information pertaining to this and any other landmines laid during this recent conflict.
- 3. UN Finance & Administration Officer is leaving the UN MACC and Mr. Chris Rowe is his replacement. UN MACC wishes all the best for Mr. Lodhammar.

UNIFIL, Demining Co-ordination Cell, OGL

- 4. In accordance with UN Resolution 1701, UNIFIL continues with its expansion of troops. As part of this expansion UNIFIL has increased its Demining and EOD capacity and now consists of the following:
 - a. CHINBATT 3 Demining/BAC Teams,
 - b. BELUBATT 3 Demining/BAC Teams,
 - c. ITALBATT 4 EOD Teams,
 - d. GHANBATT 1 EOD Team,
 - e. SPANBATT 1 EOD Team,
 - f. FRENCHBATT 1 EOD Team,
 - g. FIN/IRISHBATT 2 EOD Teams.
- 5. The MACC SL is tasking the above UNIFIL clearance teams for all tasks of a Humanitarian need, and UNIFIL operations are tasking these teams for UNIFIL operation requirements.

PO Box 300, Avenue du Senegal, Tyre, Lebanon Tel: +961 7 349276 / 349456. Fax: +961 7 349459 6. CHINBATT have been conducting mine clearance along specific parts of the Blue Line minefields in order to support the UNIFIL Border Marking Teams.

CIVILIAN MINE INCIDENT

7. Since the cease-fire many people have been either injured or killed as a result of cluster munitions and the newly laid mines. See the following table for the summary of casualties as at 29 November 06:

		Civilian Accidents						
		Children (0 -12) Youth (13 -18) Adult (19 +		lt (19 +)	Total (Injury/Death)			
_		Male	Female	Male	Female	Male	Female	Total (Illjury/Deatil)
	Injured	17	4	33	1	76	8	139
	Killed	2	0	4	0	11	0	17
ı	Total (Age/Gender)	19	4	37	1	87	8	156

8. One of the key aims of the MACC SL in the short term is to reduce the casualty rate, with a medium to long-term aim of preventing the casualty figures from increasing.

DEMINING/CBU ACCIDENTS

- 9. During this month of reporting there has been a series of unfortunate demining and CBU accidents involving three clearance organisations and four personnel. The investigations for these accidents are still ongoing and the findings and recommendations will be released once the reports have been finalised. Notwithstanding this the following is a summary of these accidents:
 - a. Friday 24 Nov Two international supervisors from Armor Group whilst attempting to rescue a shepherd in what was assumed to be a cluster munitions contaminated area, suffered traumatic amputations to each of their right feet as a result of stepping on what is believed to be Israeli No 4 AP mines near the village of Deir Mimas. A Lebanese Field Supervisor was slightly injured in the same accident.
 - b. Saturday 25 Nov One international supervisor from BACTEC whilst clearing an access lane to the Armor Group accident site suffered a traumatic amputation of his right foot as a result of stepping on what is believed to be an Israeli No 4 AP mine.
 - c. Saturday 25 Nov One national BAC searcher from MAG whilst working in a BAC site suffered injury to his foot as a result of stepping on a M77 cluster munition near the village of Asmayeh.

OPERATION EMIRATES SOLIDARITY (II)

10. Recognising the urgent humanitarian need for landmine and un-exploded ordnance (UXO) clearance in South Lebanon, the United Arab Emirates (UAE) has decided to continue with the Project known as Operation Emirates Solidarity (OES). The UAE have generously provided the necessary funding to demine Area 6 as well as clear all the cluster bomb sites in Areas 1 – 5.

BACTEC

11. The two UAE funded demining teams continue with mine clearance in Area 6 with Mozambican deminers. The teams are at present focusing on the clearance of IF Booby Trap areas. The flail teams have conducted verification tasks near the village of Dellafe in suspected hazardous areas and have since moved to Arnoun. Additional demining teams from Zimbabwe are presently under training and will be operational within the first week of December

Armor Group

12. Armor Group has continued with clearance of cluster munition sites in areas 1-4 with its ten BAC teams. Due to the two international supervisors suffering injuries as a result of the demining accidents in Deir Mimas, a number of teams are co-located on the same site pending replacement supervisors arriving in-country.

OPERATIONAL CAPACITY

Mines Advisory Group (MAG)

- 13. The five bilateral funded MAG BAC teams continue to conduct clearance in Area 6 in and around the villages of Yohmor and Zawtar. Lebanese national supervisors supervise all these teams. MAG has recently expanded its BAC capacity with an additional four BAC teams that are also conducting clearance in Area 6.
- 14. The eight VTF funded BAC teams continue clearance in Area 7 in the fruit plantations near the village of Hosh. These teams are all managed by Kurdish team supervisors that have been transferred from the MAG Nth Iraq programme.

BACTEC

15. BACTEC have continued clearance with seven BAC teams working in Area 8 conducting cluster munitions clearance tasks. As this time of year is the olive harvesting time all BAC teams are conducting munitions clearance in olive orchards. The five EOD teams continue with Rapid Response EOD tasks in all areas except Area 6. These teams respond to urgent requests from the public and municipalities for clearance of spot items of UXO.

Swedish Rescue Service Agency (SRSA)

16. The three SRSA BAC teams continue with cluster munitions clearance in the fruit plantations near the village of Al Qulayleh. The SRSA EOD teams continue to conduct Rapid Response of spot EOD tasks within the AO.

17. The SRSA vehicles and two Armoured Front End Loaders remain held in customs at Beirut airport. Negotiations are ongoing between the Lebanese authorities and the Swedish Embassy. Pending the release of the Armoured machines the mechanical team are conducting search for deep buried aircraft bombs using the bomb locator.

Norwegian Peoples Aid (NPA)

18. NPA have completed the training of its three BAC teams and have been issued BAC clearance tasks in Area 7 near the village of Al Malkiyah.

Summary of Clearance Capacity

19. The current and planned clearance capacity presently at the MACC SL is as follows:

a. MAG 17 BAC teams, 1 EOD team

b. <u>BACTEC</u> 7 BAC teams, 5 EOD teams, 4 Manual Demining teams,

1 Flail team

c. Armor Group 10 BAC teams

d. SRSA 3 BAC teams, 2 EOD teams, 1 Mechanical team

e. NPA 3 BAC teams and 1 EOD team.

Quality Assurance

- 20. MACC SL has recruited five QA Officers and a Chief of QA Officer. The intention is to recruit an additional two QA Officers as well as a MDD QA Officer.
- 21. Desk Accreditations as well as Operational Accreditations have been conducted for all clearance organisations that intend to work in South Lebanon. This has required the review of all organisations SOP's in order to ensure compliance with TSG's as well as the field assessment of all clearance teams to ensure that clearance drills are conducted in accordance with approved SOP's. Currently 26 Full Operational Accreditations have been completed for the organisations currently conducting clearance in Southern Lebanon.
- 20. Daily routine QA monitoring has also been conducted for all operational teams. Once the MACC SL QA section is fully staffed the intention is that all clearance sites will be subjected to a QA visit a minimum of once per week and in most cases twice per week.

CBU/UXO Clearance Statistics

21. The clearance results for the period under report are as follows:

Mine Clearance Statistics

22. Mine Clearance operations have been suspended during this period and will start again in Area 6 once BACTEC five manual clearance teams are operational.

Public Information

- 23. The Media & Post Clearance officer briefed the UNMAS visitors, during their visit to South Lebanon, explaining the lessons learned from the experience gained by working with different media outlets in a post war phase.
- 24. The media attention on the effort of MACC-SL to clear cluster bombs in South Lebanon is still high and ongoing.
- 25. Preparations for the Beirut International Marathon are taking place. UNMACC did a presentation in the 'Marathon Village' about the situation of Cluster Bombs in South Lebanon and how it is been dealt with so far. Other activities will take place during the Marathon day as part of spreading awareness and raising the attention on the problem of Cluster Bombs.

Constraints

- 28. At present the following constraints are limiting the scale and effectiveness of the operation:
 - a. The ever changing and potentially volatile security situation on the ground in South Lebanon increases the level/need for co-ordination with all parties.

Support Required From UNOPS/UNMAS

- 29. The following support is requested from UNOPS/UNMAS for December 2006:
 - a. UNMAS to ensure that this Monthly Report is posted on E-mine and distributed at HQ as appropriate.
 - b. UNMAS to support the revision of the HSTF Project. (Amended Proposal is currently with Japanese Embassy and will be forwarded to UNMAS next week)
 - c. UNOPS and UNMAS to provide continuous updates on how donor allocations are spent/obligated.
